# GLADIOLUS Price Surprise List

## WHOLESALE

Read Carefully Before Ordering

We come to you this 1929 season with more than 500,000 High Grade, well Grown, Inspected, Treated, Disease-Free, True to name GLADIOLUS, grown especially for forcing for bloom under glass in the north or for out door blooming in the south this winter season, or for out door blooming next summer anywhere.

This stock was kept free from bloom and was grown to large mature blooming size from fresh, clean new stock, treated against disease. Early planted and early matured. This means for you, **Earlier Blooms**, Sturdier Stems, Larger and Finer Blooms, More Stems per bulb and More Blooms to the stem.

We do not know how to do them better and we have been in the growing game for more than thirty years. **Our Experience Wrapped Up in Our Bulbs Means More Profit to You.** Our business is not growing Gladiolus blooms, but growing Gladiolus for you to bloom. When we ship Gladiolus Bulbs to you they have reached their zenith,—the very peak of quality.

Buy them with Confidence,—**They are Guaranteed** and they carry a "Price Surprise." We guarantee all stocks to the extent that we will replace or refund purchase price of all stocks which are not true to name and disease free.

Take advantage of this offer now while the stock is complete. Orders will be booked and filled in rotation as received and shipped as directed.

We ship direct to you or direct to your customer under your tag. Orders for future shipment will be booked and held upon 25% deposit. If full amount accompanies your order 3% may be deducted or we will add 5% in stock to your order.

**An additional Discount of 5% on all orders received before January 15, 1929.**

25 bulbs at 100 rate. 250 bulbs at 1000 rate.
